Personal data about students will not be disclosed to third parties without the consent of the student's parent or carer unless it is obliged by law or in the best interest of the student. Data may be disclosed to the following third parties without consent:

• Other schools, colleges and educational institutions

If a student transfers from EK to the educational establishment, their academic records and other data that relates to their health and welfare will be forwarded onto the new school. This will support a smooth transition from EK to the next educational establishment and ensure that the student is provided for as is necessary. It will aid continuation which should ensure that there is minimal impact on the student's academic progress as a result of the move.

• Examination authorities

This may be for registration purposes, to allow the students at our school to sit examinations set by external exam bodies.

• Health authorities

As obliged under health legislation, the school may pass on information regarding the health of children in the school to monitor and avoid the spread of contagious diseases in the interest of public health.

- **Police and courts**

If a situation arises where a criminal investigation is being carried out EK may have to forward information on to the police to aid their investigation. We will pass information onto courts as and when it is ordered.

- **Social workers and support agencies**

In order to protect or maintain the welfare of our students, and in cases of child abuse, it may be necessary to pass personal data on to social workers or support agencies.

- **Educational division**

Schools may be required to pass data on in order to help the government to monitor the national educational system and enforce laws relating to education.

- **Right to be Forgotten:**

Where any personal data is no longer required for its original purpose, an individual can demand that the processing is stopped and all their personal data is erased by the school including any data held by contracted processors.

- **Photographs and Video:**

Images of staff and students may be captured at appropriate times and as part of educational activities for use in school only. Unless prior consent from parents/students/staff has been given, the school shall not utilise such images for publication or communication to external sources. It is the school's policy that external parties (including parents) may not capture images of staff or students during such activities without prior consent.

- **Location of information and data:**

Hard copy data, records, and personal information are stored out of sight and in a locked cupboard. The only exception to this is medical information that may require immediate access during the school day. This will be stored with the school medical coordinator.

Sensitive or personal information and data should not be removed from the EK site, however the school acknowledges that some staff may need to transport data between EK premises and their home in order to access it for work in the evenings and at weekends. This may also apply in cases where staff have offsite meetings, or are on school visits with students.

The following guidelines are in place for staff in order to reduce the risk of personal data being compromised:

- Paper copies of data or personal information should not be taken off the school site. If these are misplaced they are easily accessed. If there is no way to avoid taking a paper copy of data off the school site, the information should not be on view in public places, or left unattended under any circumstances.
- Unwanted paper copies of data, sensitive information or pupil files should be shredded. This also applies to handwritten notes if the notes reference any other staff member or pupil by name.
- Care must be taken to ensure that printouts of any personal or sensitive information are not left in printer trays or photocopiers.
- If information is being viewed on a PC, staff must ensure that the window and documents are properly shut down before leaving the computer unattended. Sensitive information should not be viewed on public computers.
- If it is necessary to transport data away from the school, it should be downloaded onto a USB stick. The data should not be transferred from this stick onto any home or public computers. Work should be edited from the USB, and saved onto the USB only.
- USB sticks that staff use must be password protected.

These guidelines are clearly communicated to all school staff, and any person who is found to be intentionally breaching this conduct will be disciplined in line with the seriousness of their misconduct.

The school recognises that the secure disposal of redundant data is an integral element to compliance with legal requirements and an area of increased risk.

All data held in any form of media (paper, tape, electronic) shall only be passed to a disposal partner with demonstrable competence in providing secure disposal services.

All data shall be destroyed or eradicated to agreed levels meeting recognised national standards, with confirmation at completion of the disposal process.
